

Immunization and Physical Requirements:

Immunization and Physicals:

A child new to Seabrook Schools is required to provide a copy of a physical examination within 12 months prior to the day they start school and a copy of their current immunizations. Required immunizations for the State of NH can be found [here](#).

Students entering the 7th grade are required to have an updated Tdap (Tetanus, Diphtheria, Pertussis) booster to be cleared to attend school. Please be sure to send in a copy of your child's updated immunization record by email, fax, having your student bring it to the health office, or dropping it off the SMS office.

If a medical or religious reason exists for a child not receiving recommended vaccinations, please fill out this [religious exemption form](#). Please note, religious exemptions need to be notarized.

Sports Physicals:

Players must have a physical within the last year to play sports here in Seabrook. If students have had a recent physical, please submit a copy of the physical to the health office by either dropping it off in the main office, having your student bring it to the health office, or having the doctor's office fax it to the school at 474-8020.

Students must also have a completed Permission to Participate form completed and signed by a parent/guardian.
